IMPORTANT - READ CAREFULLY

This Gnostice Software License Agreement ("LICENSE AGREEMENT") is a legal agreement between you (either an individual or an entity) and Gnostice Information Technologies Private Limited ("GNOSTICE") for the eDocEngine Software ("SOFTWARE PRODUCT"), which includes computer software and may include associated media, printed materials, and "online" or electronic documentation. The SOFTWARE PRODUCT also includes any updates and supplements to the original SOFTWARE PRODUCT

provided to you by GNOSTICE.

By installing, copying, accessing, or otherwise using the SOFTWARE PRODUCT, you agree to be bound by the terms of this LICENSE AGREEMENT. If you do not agree to the terms of this LICENSE AGREEMENT, you must cease using the SOFTWARE PRODUCT immediately.

LICENSE AGREEMENT

The SOFTWARE PRODUCT is owned by GNOSTICE and is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. The SOFTWARE PRODUCT is licensed, NOT sold.

GRANT OF LICENSE

This LICENSE AGREEMENT grants you the following rights:

- You may install and use the SOFTWARE PRODUCT for the sole purpose of designing, developing, building, and testing derivative application programs ("DERIVED APPLICATIONS"). You may deploy or distribute DERIVED APPLICATIONS either directly or indirectly, commercially or otherwise, to end-users without any additional royalties to Gnostice, provided all the terms of this license agreement are met. You may ONLY install and use a SINGLE copy of the SOFTWARE PRODUCT on a computer and freely move the SOFTWARE PRODUCT from one computer to another, provided that you are the only individual using the SOFTWARE PRODUCT. If you are an entity, you must designate one individual within your organization ("NAMED USER") to have the right to use the SOFTWARE PRODUCT.
- BUILD MACHINE: You may additionally install the SOFTWARE PRODUCT on *ONE* BUILD MACHINE for the sole purpose of generating actual builds of your DERIVED APPLICATIONS. You need to designate this computer as the "BUILD MACHINE". The SOFTWARE PRODUCT on the BUILD MACHINE shall NOT be used for the purpose of active development. The number of computers that you can designate as BUILD MACHINE depends on the number of Developer Licenses you have procured. You get ONE BUILD MACHINE license with your first Developer License and ONE additional BUILD MACHINE license with EVERY set of FIVE ADDITIONAL Developer Licenses that you procure. If you require additional BUILD MACHINE licenses than automatically provided to you on purchase of the Developer Licenses, you need to procure as many additional Developer Licenses as the number of additional BUILD MACHINE licenses you require.

OTHER RIGHTS AND LIMITATIONS

- You may NOT change the Producer information from "Gnostice eDocEngine V2.5.1".
- You may NOT use the SOFTWARE PRODUCT or any part of the source code contained in the SOFTWARE PRODUCT to develop a programming library or a software development tool (including but not limited to VCL, COM, ActiveX, DLL, Web APIs), which can be used by other software developers on a programming platform. To use the SOFTWARE PRODUCT in a programming library or a software development tool you require an OEM License. You may however use a run-time library (.bpl or .dll) file built using the SOFTWARE PRODUCT in your derived applications so long as you have taken adequate precautions to prevent any other software program from accessing the functions of the run-time library independent of your derived application.
- You may NOT distribute modified or unmodified versions of any files contained in the SOFTWARE PRODUCT, including but not limited to .dcu, .dcp, .bpl, .pas files. You may ONLY distribute the run-time library (.bpl or .dll) file as mentioned in the previous condition.

If for any reason you do not wish to be bound by this clause, GNOSTICE will cease such use upon your request.

LIMITED WARRANTY
